The Seniors having won over the Freshmen by the score of 29 to 20, and the Juniors having defeated the Sophomores by the score of 19 to 10. For some time the authorities of Trinity College have been endeavoring to interest the Public Board Bureau of the Federal government in doing some demonstration work on the drive-ways of the campus. Some time ago President Few received a letter stating that some time during the coming spring, the department in charge would take up the matter and send some one to treat the campus drives with special binding substances. The construction of drive-ways through the

campus has been going on through the entire summer and the work is now almost completed.

Friday evening, before the first open meeting of the year of the Trinity College Club, Professor W. H. Wednesday night in the recreation room of the academic building, the members of the class, together with girls of the freshman class, gathered early and by playing games in formal conversation and music, the evening passed only too quickly, and it was with reluctance that the party broke up. Dr. and Mrs. Glasco, Professor and Mrs. Edwards and Professor and Mrs. Flowers acted as chaperons for the crowd.
